Mona Lee

Mona Lee brings an original performance, spicing up her DJ sets with live vocals. From disco to disco and house music of all genres, that's what she serves. A varied mix of deep house, afro house, acid house, tech house, Chicago, UK or NY influenced house... Her definition of house music? When it comes from the soul, you'll feel it, the groove will get into your shoes.

It's crystal clear that Mona loves soulful vocals and groovy rhythms. She got inspired by vocalists such as Robert Owens, CeCe Peniston, Crystal Waters, Virginia or Lady Linn from FCL and the Belgian label We Play House Recordings. Her first track "Don't Get Around" got released on the WPH label, together with WLC & Metrobox. More collabs with WLC came out on WeZienWel Records. In September 2022 her first release "Joyful life" came out with Kerri Chandler on his new album "Spaces & Places".

Where could you catch Mona Lee playing mostly? During the summer of 2022 she had a residency at Cova Santa in Ibiza. Next to that, she's a resident DJ & Vocalist at Curfew (Belgium) and recently at Drop (Barcelona). She played Tomorrowland (Belgium) several times or other festivals like Dimensions Festival (Croatia), Delirium (Gerona), Sziget & Balaton Sound Festival (Hungary). She played in clubs like DJOON (Paris), Pacha (Barcelona), Macarena Club (Barcelona), Kompass (Ghent), The Lofts (Newcastle), Larm (Budapest) or Amper Klub (Pécs).
