Mona Lee

Mona Lee brings an original performance, spicing up her DJ sets with live vocals. From disco to disco and house music of all genres, that's what she serves. A varied mix of old school classics, deep house, afro house, acid house, tech house, UK, Detroit, Chicago house... What's in a name? House is house, and the groove will get into your shoes.

It's crystal clear that Mona loves soulful vocals and groovy rhythms. She got inspired by vocalists such as CeCe Peniston, Crystal Waters, Robert Owens, Virginia or Lady Linn from FCL and the Belgian label We Play House Recordings. Her first track "Don't Get Around" got released on the WPH label, together with WLC & Metrobox. More collabs with WLC came out on WeZienWel Records. Upcoming next is her first release "Joyful life" with Kerri Chandler on his new album "Spaces & Places".

Where could you catch Mona Lee playing mostly? This summer she has a residency at Cova Santa in Ibiza. Next to that, she's a resident DJ & Vocalist at Curfew, a house & disco concept in Ghent (Belgium). She played Tomorrowland several times or other festivals like Dimensions Festival (Croatia), Delirium (Gerona), Sziget & Balaton Sound Festival (Hungary). She played in clubs like DJOON (Paris), Pacha (Barcelona), Kompass (Ghent), The Lofts (Newcastle), Larm (Budapest) or Amper Klub (Pécs).
